

WICKS & WAX

BEE HIVE CANDLES

Candle measures ~ 2.5" diameter x 3" tall and burns ~ 6 hours

Supplies needed to make 1 candle:

- 1 Honeycomb Beeswax sheet (Natural or Stuart Gold)
- 3.5" of #2 square braid wick

Instructions:

- 1) Place the beeswax sheet on a cutting mat or piece of cardboard.
- 2) Using an exacto knife, cut the sheet into 5 pieces using the measurements below.
- 3) Gently warm the strips of beeswax with a hairdryer using the measurements below.
- 4) Lay the wick along the 3" edge of piece "A" with 1/2" sticking out the top.
- 5) Fold the edge of the wax over the wick and start to roll. Make sure to keep the straight edge (bottom of the candle) even. Use firm even pressure to roll.
- 6) Take piece "B" and line the 2.5" edge to the 2.5" seam of the piece you've just rolled.
- 7) Add pieces "C", "D" and "E" in the same manor. When finished, the end of piece "E" will be at the bottom of the candle. Press this firmly to seal it in place
